01 Executive Summary Who we are & what we stand for

An integrated industrial partner — not a single-service contractor

United Brothers Company for Contracting, Supplies & Industrial Services (UBCSIS) is an Egyptian-owned industrial contracting and services company headquartered in Suez. Founded in October 2017 by two industry veterans, we have grown from a specialized civil contractor into a comprehensive turnkey partner serving Egypt's largest manufacturing, energy, chemical, mining and infrastructure operators.

Company Overview

- ◆ Headquartered in **Suez** — the heart of Egypt's industrial corridor, with nationwide delivery coverage.
- ◆ **Turnkey contracting, unlimited supply sourcing and industrial maintenance** delivered under one accountable team.
- ◆ **EGP 57M net cash, zero bank debt** — we mobilize from financial strength, not credit.
- ◆ Trusted by **Siemens Energy, KNAUF, Canal Sugar, Galaxy Chemicals, Sukari Gold Mines, Saint-Gobain, Air Liquide** and 24 more.
- ◆ Consistent year-on-year revenue growth reaching **98M+ EGP** annually.

Core Values

- ◆ **Integrity** — we deliver what we promise, every time.
- ◆ **Excellence** — a high bar set and consistently cleared on every project.
- ◆ **Partnership** — every client relationship built for the long term.
- ◆ **Safety** — zero compromise on site safety and HSE compliance.
- ◆ **Innovation** — engineering intelligence applied to every scope.
- ◆ **Financial Strength** — capital to mobilize immediately on any project.

★ The Integrated Advantage — One Partner, Zero Coordination Risk

Unlike single-service contractors, United Brothers can design, procure, supply, build and maintain — under one contract, with one accountable team. This eliminates the coordination friction, scope gaps and hidden cost leakage that clients experience when managing multiple vendors across the same project scope.

02 Company Registration & Legal Identity Commercial, tax & legal credentials

A fully registered, compliant Egyptian entity

United Brothers is a legally registered partnership in good standing, with complete commercial and tax credentials ready for any client vendor-registration or pre-qualification process.

Legal Name (English)	United Brothers Company for Contracting, Supplies & Industrial Services
Trade Name / Brand	United Brothers Co. — “UBCSIS”
Legal Structure	Partnership in Commendam (Limited Partnership)
Date Established	October 2017

Mobile / WhatsApp	+20 121 182 8897 · +20 114 148 4802

Scope of registered activity

Construction works (Civil & Infrastructure, Electro-mechanical, Insulation) · Industrial Services (maintenance of equipment & tools) · Supply of Goods (building materials, piping & fittings, valves & accessories, electrical components, cables & cable trays, protective paints & epoxy coatings).

Full banking details and the certified vendor-registration data sheet are provided in **Section 14**. Supporting documents — commercial register extract, tax card, VAT certificate, welder certificates, sample QA/QC records and prior client completion certificates — are available on request.

03 Vision, Mission & 2030 Ambition Our purpose and direction

Our Vision

To be Egypt's most trusted partner in construction and industrial services — known for delivering high-quality, value-driven projects that accelerate national industrial development and ensure long-term client success.

Our Mission

To provide reliable, innovative and timely contracting and supply solutions through a client-first approach, disciplined engineering excellence, and an unwavering commitment to quality, safety and on-time delivery.

Five Strategic Commitments

01 · Reliable Partners

We commit fully to every contract — as an accountable delivery partner, not a vendor.

02 · Smarter Solutions

Engineering optimization in every project — saving client cost without cutting quality.

03 · Value Engineering

Engineering intelligence applied to every scope. Thinking plus labour, not just labour.

04 · Industrial Grade

Our people, processes and equipment match Egypt's top multinational standards.

05 · Lifecycle Control

Full project management from award to handover. One team. Total accountability.

Our 2030 Ambition

Revenue Target	100M+ EGP in annual revenues — approximately 3× current scale
Client Portfolio	15+ active key accounts across at least 6 distinct industrial sectors
Financial Position	Maintain zero-debt balance sheet; deploy cash reserves into equipment assets
Geographic Reach	Expand beyond Suez to Greater Cairo and Alexandria industrial zones
Certification	Achieve ISO 9001:2015 quality management certification for all operations
Team Scale	Double technical headcount; formalize project-management layer below partner level

04 Integrated Service Lines Contracting · Supplies · Industrial Services

Three fully integrated service lines, one accountable partner

United Brothers operates across three integrated service lines — enabling us to be the single accountable partner for any industrial project from design through maintenance.

01 · General Contracting Services

Turnkey general contracting with full-cycle project control — from tender award to final handover, with QA/QC at every stage and one team accountable throughout.

Pre-Award & Planning

Tendering, estimation, scheduling and procurement planning.

Contract Management

Full execution, QA/QC, compliance and multi-party coordination.

Project Delivery

Subcontractor supervision, materials control and timeline adherence.

Specialized Packages

Concrete structures · steel trusses · MEP · piping & welding · steel tanks · HVAC · thermal insulation.

02 · General Supplies Services

Unlimited sourcing — we supply what others cannot find. Our network spans Egypt and international markets, fulfilling any construction or industrial material requirement with quality and competitive pricing. (Full catalogue in Section 05.)

Construction & Building Materials

Sand, cement, rebar, bricks, ceramic tiles, ready-mix concrete, sanitary ware, glass, aluminum, vinyl flooring.

Industrial Valves & Piping

Gate / ball / butterfly / check / needle valves, CS & SS pipes & fittings, elbows, reducers, flanges, caps.

Steel & Metal Products

Galvanized & stainless sheet metal, steel angles & beams, solid sections, steel trusses, sandwich panels, mesh.

03 · Industrial Services

End-to-end industrial maintenance and support for Egypt's most demanding plants — from routine upkeep to complex turnarounds and emergency shutdowns.

Industrial Maintenance

Routine and emergency maintenance for plants and facilities.

Turnaround & Shutdown

Safe, efficient shutdowns, revamps and plant restarts.

Scaffolding Services

Supply, erection and dismantling of industrial scaffolding systems.

Manpower Supply

Skilled welders, fitters, riggers and specialized technicians on demand.

Static Equipment

Tanks, piping networks, heat exchangers and pressure vessels.

Thermal Insulation

Hot/cold insulation maintenance for pipelines and tanks.

★ One Partner. All Three Service Lines. Zero Coordination Risk.

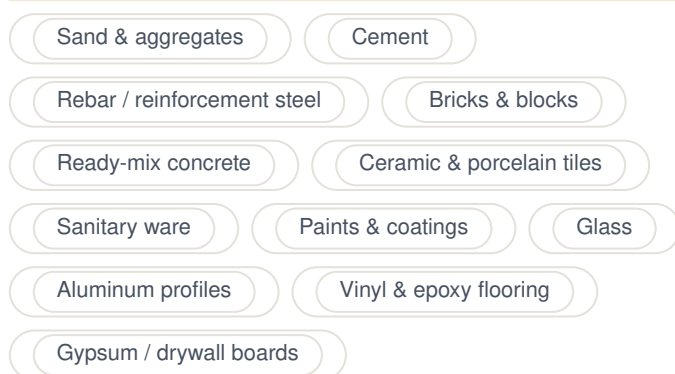

When United Brothers handles construction, supply and maintenance under one contract, you eliminate the hidden cost of managing multiple vendors: misaligned timelines, scope gaps, conflicting priorities and no single point of accountability. Our integrated model is not just convenient — it is financially smarter for every project we touch.

05 General Supplies Catalogue The goods we source & supply

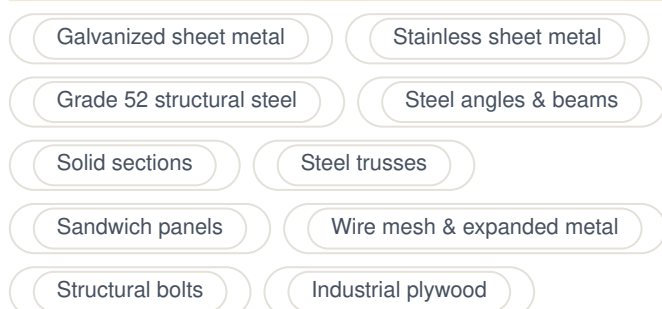

Unlimited sourcing across construction & industrial goods

Backed by 2,500+ purchase orders since 2018, our procurement network supplies a vast range of construction and industrial goods to Tier-1 plants — with verified quality, documentation and committed delivery timelines.

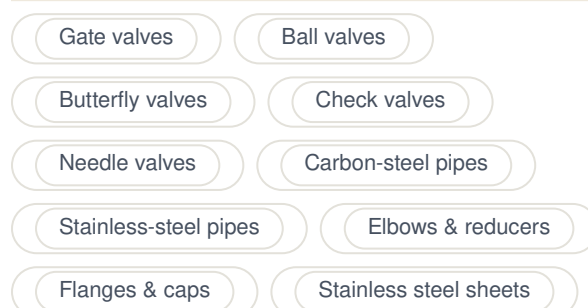

Construction & Building Materials

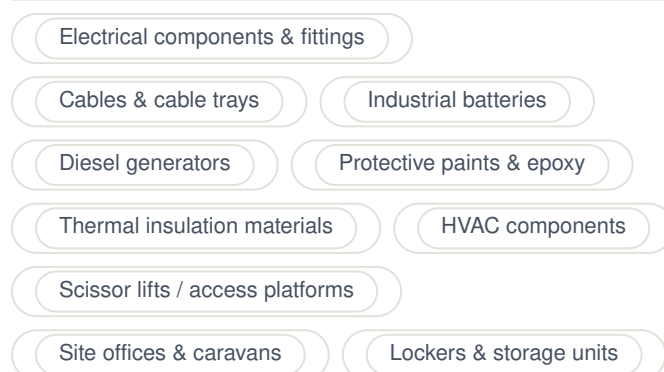

Steel & Metal Products

Industrial Valves, Piping & Fittings

Electrical, MEP & Specialty

If you can specify it, we can source it

From a single specialist industrial valve to multi-phase structural-steel supply programs, United Brothers fulfils requirements others cannot — combining a deep Egyptian supplier network with international sourcing, full documentation, and the financial strength to procure ahead of payment.

06 Technical Office & Engineering Software, fabrication & design capability

Engineering intelligence behind every project

Our technical office is the engine of seamless project execution — combining a skilled fabrication workforce, advanced machinery and a full stack of industry-standard design, modelling and planning software.

Mechanical Workshop & Fabrication

- ◆ **Steel fabrication** — cutting-edge machinery for precise, efficient steel fabrication.
- ◆ **Welding expertise** — GTAW, SMAW, MIG and more, executed by certified welders.
- ◆ **Bending & forming** — hydraulic press brakes and rolling machines for precise steel components.
- ◆ **Piping fabrication** — fitting, spooling and assembly to project specifications.

Quality & Compliance

- ◆ Rigorous QA processes with adherence to industry standards and continuous inspection.
- ◆ Cutting-edge measurement and inspection tooling.
- ◆ Strict safety protocols enforced throughout the fabrication process.

07 HSE, Quality & Compliance Safety standards and QA/QC

Safety is non-negotiable

United Brothers operates to the rigorous site-safety and HSE standards demanded by Egypt's largest multinational operators — and applies that same standard systematically across every sector we serve.

HSE Compliance

Site safety protocols meeting the requirements of Tier-1 multinational operators across energy, chemicals and manufacturing.

Risk Assessment & Method Statements

Documented RA & MS for each scope before mobilization — including client-specific formats (e.g. ENOVA).

Certified Welders

Qualified welders with maintained certification records, available for client review during site visits.

QA/QC Documentation

Inspection & test plans, sample QC records and certified phase IPCs delivered with every project.

Ongoing Training

Continuous technical training and HSE certification maintained for all site personnel.

Toward ISO 9001:2015

Formal quality-management certification targeted across all project operations as part of our 2030 roadmap.

A zero-default record by design

59 of 59 contracts completed — through COVID, currency shifts and market volatility — without a single default. Failure is not avoided by luck; it is engineered out through financial strength, owned equipment, in-house execution teams and disciplined QA/QC.

08 Equipment, Fleet & Facilities Owned assets & 72-hour mobilization**Mobilization-ready, always**

Our equipment is owned, maintained and deployment-ready — not rented, not borrowed. When we sign a contract, everything needed to execute it is already in our yard, enabling 72-hour mobilization on award.

Civil

700 m² scaffolding materials ·
1,200 m² shuttering / formwork · full
civil tools & earthworks kit.

Mechanical

25 GTAW/SMAW welding
machines · 10 rigging & lifting
equipment sets · piping fabrication
& fitting tools.

Electrical

8 light/medium-voltage tool sets · 4
× 100 kVA diesel generators ·
cable pulling & testing equipment.

Site Infrastructure

2 pick-up trucks + 2 sedans · 2 × 20ft storage containers · 2 × 20ft office caravans · 2 thermal insulation kits.

Facilities

Head Office — Suez

8-person engineering & management office with full workstations.

Branch Offices

2 branch offices, 15-person capacity each.

Yard & Stores

Owned equipment yard and warehouse management for staged mobilization.

■ 72-Hour Mobilization Capability

Owned fleet + pre-qualified labour pool + supplier network means we can be on site and operational within days of award — no rental delays, no equipment-availability risk, no cost surprises.

Our People Philosophy

- ◆ Every team member is hired for both technical depth and collaborative character.
- ◆ Site supervisors hold a minimum of 5 years of relevant sector experience.
- ◆ Ongoing technical training and HSE certification for all site personnel.
- ◆ Leadership is directly involved in every major project — no absentee management.
- ◆ A dedicated tendering & proposals team ensures bid accuracy and scope clarity before commitment.
- ◆ Finance & accounts oversight provides real-time project cost tracking.
- ◆ Marketing & client management ensures clear communication at every project stage.
- ◆ Every project has a named accountable owner from award through final handover.

10 Financial Strength & Growth Eight years of debt-free growth

A vision backed by capital, not just words

United Brothers carries EGP 57 million in net cash reserves — built entirely from earned profits with zero bank debt. This financial strength means we mobilize from strength, never transfer capital risk to a client project, and have the foundation to fund our growth.

EGP 57M

Our Growth Story — Milestones by Year

Year	Milestone	What happened
2017	Founding year	Established by two industry veterans. Single anchor client; baseline set.
2018	First full year	Galaxy Chemicals anchor relationship; rapid operational scale-up. Suez Steel added.
2019	Peak pre-COVID growth	Record growth; Suez Steel & ENOVA relationships expanded.
2020	COVID resilience	Maintained full operations with zero project defaults. Siemens Energy added.
2021	Investment year	Heavy equipment capex deployed; new execution capacity built.
2022	Diversification	Canal Sugar, Sukari Gold Mines, Air Liquide, IVL Dhunseri, Saint-Gobain & more added.
2023	Sector expansion	KNAUF onboarded; seven active industrial sectors.
2024	Breakout year	Record revenue; KNAUF major infrastructure program.
2025	Sustained scale	Stable 98M+ EGP annual revenue; 31 active client accounts.
2026	Quality focus	Highest-ever margins; Siemens Kuraimat camp program ongoing.

▲ Growth built on relationships, not transactions

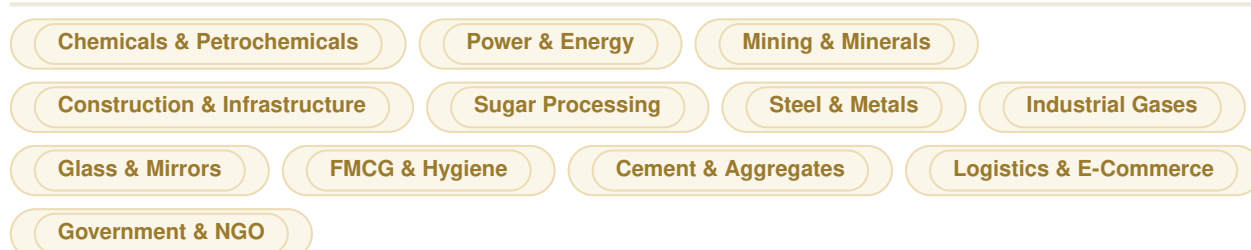

Over 60% of our annual revenue consistently comes from clients who chose to return — because we delivered on the previous contract. In industrial contracting, repeat business is the most reliable indicator of genuine operational quality.

11 Sectors & Client Roster Trusted by Egypt's leading industrials

Seven sectors. One standard: excellence.

Every name below is a relationship built over multiple contracts and multiple years. Our multi-sector position means we are not exposed to any single industry cycle — and gives clients confidence that our experience is genuinely broad.

★ Retention is our most powerful credential

In industrial contracting, the ultimate measure of quality is not the first contract awarded — it is the fifth, the tenth, the ongoing. The fact that these clients keep returning is our strongest proof of trust.

12 Project & Supply Track Record Curated landmark references

A curated selection of landmark work

Below is a representative selection of executed projects and major supply contracts across our service lines and sectors — each delivered under single-point responsibility. United Brothers has executed 59 contracts since 2017; full references are available on request.

Recent Landmark Projects — 2024 to 2026 (peak operational capability)

#	Client	Project & Scope	Value	Period
1	CONSTRUCTION KNAUF Ltd & Partner	Civil Infrastructure — New Manufacturing Campus. Multi-phase civil works: foundations, drainage, road base, structural finishing.	EGP 4.8M+	2024
2	CONSTRUCTION KNAUF Ltd & Partner	West Perimeter Fence — Turnkey Program. Full design & construction of west boundary fence line; multiple certified IPC phases.	EGP 4.7M+	2024
3	ENERGY Siemens Energy S.A.E	Kuraimat Power Plant Camp Renovation. Full renovation of staff accommodation camp — civil, MEP, finishing across 4 certified phases.	EGP 6.9M	2025–26
4	CONSTRUCTION KNAUF Ltd & Partner	Truck Scale & Automated Gate Foundation. Engineering & civil construction of weighbridge foundations and automated security gate.	EGP 1.9M	2024–25
5	SUGAR Canal Sugar Co.	Structural Steel Supply — Multi-Phase Program. Multi-PO supply of Grade 52 structural steel, piping & fittings for plant expansion.	EGP 4.6M+	2024–26
6	MINING Sukari Gold Mines (Centamin)	Mining Site Materials Supply. Industrial plywood, galvanized steel components and structural bolts for active operations.	EGP 3.1M+	2024
7	ENERGY Siemens Energy S.A.E	Construction of Grinding Room. Turnkey civil & MEP construction of a specialized industrial grinding-room facility to handover.	EGP 857K	2024
8	GLASS Saint-Gobain Glass Egypt	Firefighting Pipeline Rerouting & Drain Slabs. Warehouse firefighting system full reroute + glass drain-slab construction.	EGP 2.4M+	2024–25
9	ENERGY ENOVA Energy & Projects	Industrial Battery Supply Program. Multi-batch supply of industrial batteries ensuring power-plant operational continuity.	EGP 1.58M	2025
10	ENERGY Siemens Mobility S.A.E	Working Platform — Scissor Lift Supply. Supply of specialized scissor lifts for railway maintenance and elevated works.	EGP 1.3M	2025

Foundational Projects — 2017 to 2021 (proving the model)

#	Client	Project & Scope	Value	Start · Dur.
11	CHEMICALS Galaxy Chemicals Egypt	Extension of Sulphonation Unit. Construction of a two-floor industrial concrete building + footings & foundations for standalone equipment.	EGP 2.25M	Oct-17 · 4 mo
12	CHEMICALS Galaxy Chemicals Egypt	De-bottlenecking of Sulphonation Unit (“ZIADA”). Civil works for capacity enhancement: industrial buildings, drainage & utility facilities; hot/cold pipe insulation.	EGP 6.5M	Sep-18 · 9 mo
13	STEEL Suez Steel Company	Shutdown of Rolling Plant. Maintenance of civil foundations of the rolling section during shutdown.	EGP 500K	Mar-18 · 2 mo
14	CHEMICALS Galaxy Chemicals Egypt	Rack-Supported Warehouse. Construction of civil works from soil to epoxy finishing.	EGP 7.5M	Nov-18 · 6 mo
15	ENERGY Siemens PS Service Center	Electro/Mechanical Works of Laboratory. Civil & electro-mechanical works to finishing.	EGP 750K	Aug-20 · 1 mo
16	CHEMICALS Galaxy Chemicals Egypt	FARASHA Cooling Tower. Turnkey construction of cooling tower — utilities.	EGP 3.5M	Feb-21 · 6 mo
17	ENERGY ENOVA Energy & Projects	PS Enhancement Package. Revamping of the electro-mechanical system of the utilities section.	EGP 1.45M	Dec-20 · 2 mo

Values shown are contract / supply values. Multi-PO supply relationships (e.g. Canal Sugar, Sukari Gold Mines, IFFCO, IVL Dhunseri, Air Liquide, HAYAT Egypt) represent cumulative ongoing programs. Completion certificates and client references available on request.

13 Why United Brothers The risk-free industrial partner

When you choose United Brothers, you are not taking a risk — you are eliminating one

01 Proven 8-Year Track Record

Every year since 2017, delivered — through COVID, currency shifts and volatility. 59 contracts, zero defaults.

02 EGP 57M Cash — Zero Bank Debt

Self-funded from earned profits. Faster mobilization, no financing gaps, no capital risk transferred to clients.

03 Tier-1 Client Portfolio

Siemens Energy, KNAUF, Canal Sugar, Galaxy Chemicals, Sukari Gold Mines, Saint-Gobain, Air Liquide and 24 more.

04 Multidisciplinary In-House Capability

Civil, mechanical, electrical, piping, welding, insulation and MEP — by our own teams. Critical scope never subcontracted out.

05 Turnkey, Single-Point Accountability

One contract. One team. Full responsibility from award to handover. No finger-pointing, no scope gaps.

06 Safety & HSE Compliance

Rigorous site-safety protocols meeting the requirements of Egypt's largest multinational operators.

07 72-Hour Mobilization

Owned equipment fleet, pre-qualified labour pool and supplier network — on site within days of award.

08 Unlimited Supply Sourcing

From structural steel to specialist industrial valves — any material, competitively priced, with guaranteed quality & delivery.

Integrated Partner vs. Traditional Vendor

	The Traditional Multi-Vendor Approach	The United Brothers Integrated Model
Capital Structure	Reliant on bank financing and milestone payments.	EGP 57M self-funded cash position; zero project capital risk.
Scope Management	Multiple points of failure; frequent scope gaps.	Single-point accountability from design to handover.
Project Friction	Conflicting vendor priorities and scheduling delays.	Unified three-pillar service line managed by one accountable team.
Mobilization Speed	Delayed by third-party rental sourcing.	72-hour readiness using a 100%-owned equipment fleet.

14 Vendor Registration Data Sheet Full legal, tax & banking details

Ready-to-submit vendor registration data
